

In-Field "Track" Pass Request Form

Please submit this form with your Final Registration: Check: _____ Athletics

TEAM: _____ COACH: _____

SOWA understands the need to provide additional support for some of our athletes during our Athletics competitions. Although space can be limited, 1on1 assistance may be available on the infield if approved in advance. This provision is strictly reserved for athletes who truly require this support and qualify within the following conditions:

- 1) Behavioral, emotional, or medical support - requires constant supervision to remain safe for self or others.
- 2) Physical support-participants in a wheelchair, help with toileting, transferring, managing equipment, etc.
- 3) Minors under the age of 14 may qualify for 1-on-1 support for overnight events or competitions if requested by the parent/guardian. If the minor is participating in Unified Champion Schools programming, please make specific request to UCS event manager as the school programs have a different policy for 1-on-1 supports.

The approved support person will be given a wrist band that must be visible while on the field. Access on the field is only approved while the athlete requiring additional support is competing! Support person must leave the field once the athlete has completed event!

Athlete Name	1on1/ Chaperone Name	Class A and BC on File (yes or no)	Reason for 1-on-1

If registering for an **Infield** pass this "support" individual must be listed on final registration as a chaperone with current credentials: **Class A** and **Background Check**
