

BECOME A FAMILY SUPPORT COORDINATOR

*Volunteers needed to support
families of SOWA Athletes in your Area*

Looking for an ongoing volunteer role with Special Olympics Washington? Join your Area's Leadership Team as the Family Support Coordinator and help maintain your Area's Family Support Network.

The Family Support Network is made up of parents, siblings, and caregivers of people who compete with Special Olympics Washington. Family Support Coordinators provide information, plan fun activities, and gather feedback from the families in the Support Network.

No experience? No problem!

SOWA provides training, monthly support calls, and invites other organizations to provide training on community resources. No need to be an expert – just the passion to empower families and willingness to learn.
