

Join our Referral Network!

MADE POSSIBLE BY **Golisano** FOUNDATION

KAISER PERMANENTE.

OFFICIAL HEALTH PARTNER OF SPECIAL OLYMPICS WASHINGTON

The mission of Special Olympics Health is to provide access to preventive health programming and access to quality health care for children and adults with intellectual disabilities (ID), giving them continuing opportunities to improve their physical health and social and emotional well-being.

Did you know, over 80% of healthcare providers are not professionally trained to treat people with intellectual disabilities?

Special Olympics Washington is developing a Referral Network of providers, organizations, and community-based services that are accessible and trained to serve people with ID. You can join the revolution for healthcare inclusion by taking our free eLearning courses and filling out our Provider Interest Form today!

Available Courses:

Special Olympics Health

Introduction to Intellectual Disabilities ★

Supporting Families through the Intellectual Disability Diagnosis

Inclusive Fitness

1

Create an account and access our free eLearning courses.

Membership Benefits:

- Gain new patients, clients and participants
- Gain skills to work with a population that is often medically under-served
- Contribute to your local community through inclusive healthcare and volunteering
- Join a network of like-minded students and healthcare professionals
