

# WINNERS **A Tribute to all Special Olympics Athletes**

\*We all traveled to Everett (SUMMER GAMES)

They ask us “where have you been?”

I’ve been getting down in Olympic Town

Hanging out with my friends

Swimming, cycling and lifting weights

**Track & field and soccer goals!**

Give it our all, each and every race

**And then you know you’re on a roll**

Let’s have fun while we jump and run

Let’s share in each other’s success

Together we rise, competing as allies

With joy that you cannot repress

Let me win, but if I cannot win,

Let me be brave in the attempt!

So much heart, everyone’s a part

And none of us are exempt

I step up to the line and I’m feeling fine

**My opponents are my friends**

May I be victorious, that would be glorious

**But we all win in the end**

Let’s have fun while we jump and run

Let’s share in each other’s success

Together we rise, competing as allies

With joy that you cannot repress

Let me win, but if I cannot win

Let me be brave in the attempt

So much heart, everyone’s a part

And none of us are exempt

*Instrumental solo – (breakdown dropout)*

Let me win, but if I cannot win

Let me be brave in the attempt

So much heart, everyone’s a part

And none of us are exempt

Hoorah hoorah, hooray hooray

We all are winners at the end of the day!

Hoorah hoorah, hooray hooray

We all are winners at the end of the day!

Hoorah hoorah, hooray hooray

We all are winners at the end of the day!

Hoorah hoorah, hooray hooray

We all are winners at the end of the day
