

## **Facility Notification Requirements**

Special Olympics Washington is required to track all facilities being used from season to season in order to ensure programs are in compliance and participating with insurance coverage (this particularly effects bowling facilities). Starting Winter 2020, a new pre-season form will be introduced that will combine all the registration information that is currently required so the paperwork load is reduced. This paperwork will also be covered at the 2019 Coaches Conference.

Form needs to be submitted with pre-season paperwork at the start of the season.

Special Olympics Washington will not pay for unapproved facilities. This approval will come from the Area Director and/or Area Services Manager. This form must be completed in its entirety to be accepted; any incomplete forms will not be accepted. If no form is submitted, the expense will be the sole responsibility of the user who reserves the facility or the Head Coach.

# REGISTERED TRAINING PROGRAM FORM (RTP) FALL SEASON

This form must be completed in its entirety and turned in with pre-season paperwork; any incomplete forms will not be accepted. If no form is submitted, the expense will be the sole responsibility of the user who reserves the facility or the Head Coach. Special Olympics Washington will not pay for unapproved facilities.

**DIRECTIONS** Return the <u>completed form</u> to your Area Manager. A purchase order number will be provided and then return this form to the facility so they can verify that you are a registered program:
