

- 2017 -
UNIFIED SPORTS EXPERIENCES
- at Spring Games -

Saturday, June 3, 2017 Pacific Lutheran University

Inspired by Unified Sports®, the Unified Sports Experiences will provide a memorable opportunity for athletes and fans to try out new SOWA sports, while spotlighting the importance of inclusion, sportsmanship, and friendship!

Unified Sports Experiences bring together Special Olympics athletes, youth leaders, volunteers, coaches, and fans from the crowd in a series of non-official Special Olympics competition and activities. This first-hand experience aims to change perceptions and break down barriers for people with intellectual disabilities, by uniting people in the joy of competition. Unified Sports Experience events are designed to help foster a relationship of respect, acceptance and camaraderie among all participants and are **open to the public. Just show up!**
